LEARNING TO WALK WITH GOD

Gil & Carol Harder ~ Missionaries

June 24, 2011

JARON Ministries International

Dear **Mission Partners:** **Thank You for sending HOPE!**

Earlier this Spring in California, Carol & I participated in the **"got hope?" Campaign** along with an outreach to **Fresno State University**. Students came to Christ, a campus ministry was launched, a house of prayer was opened in Madera, churches came together, every home was visited, bibles were distributed, and by Easter after 40 days of prayer, fasting, and outreach; **hundreds of people came to Christ and were added to the Church ~ Hallelujah!**

Last month, Carol & I took the **"got hope" campaign to Africa!** The response was wonderful. Everyone needs hope! Please enjoy these pictures and returns on your missionary investments of **faith, hope, and love!**

AFRICA HOPE

Dandora, Kenya ~ Africa Hope: "From Garbage to Glory"

"He raiseth up the poor out of the dust, and lifts up the beggar from the dunghill, to set them among princes, and to make them inherit the throne of glory" ~ 1 Samuel 2:8

Caroline Sarah is a godly widow who is "Living Positively" with the death sentence of AIDS passed on to her by her late husband. Caroline is also living with and ministering to 26 orphans and 12 widows on the edge of existence in Dandora. We have known and served together with Caroline Sarah for the past ten years in Africa. Our friends **Aggrey & Susan** help Caroline rescue and reach orphans & widows in the slums. Out of her poverty and affliction, she makes others rich with her generosity and love.

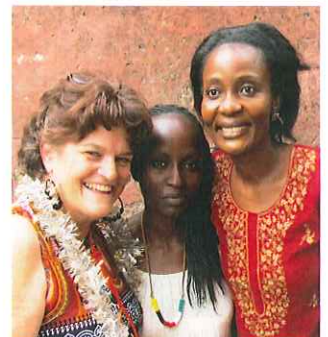

She rescues, feeds, and teaches the children. She searches diligently to procure and provide food, clothing, shelter, and retroviral drugs for those who are **"Living Positively" with HIV ~ AIDS.**

But there is more: Caroline is an evangelist who teaches others to reach others in Jesus Name!

We always visit and bring Caroline as much as we can, though it is never enough. She is serving on the front lines of poverty, fear, and death near the largest garbage dump in all of Africa. She is a regal princess of our King who loves His children dearly. She dreams of another home someday where she can keep all of God's children safe and secure. Until then, Jesus and Caroline continue to raise up royalty and life out of death in Dandora. She loves them to the end like Jesus. Hers is truly a ministry of **"Africa Hope" ~ 1 Samuel 2:8**

Carol taught the widows "The Ten Commandments for Kids" and the "Wordless Book" story of salvation, healing, and hope in Jesus Name. We gave Caroline Sarah "Wordless Books & Bracelets" and enough beads to make many more for the Dandora orphans and kids of the nearby Korogocho Slum. After delivering our missionary care package of medicines, clothes, and ministry materials, we enjoyed a feast together. Our dear friend Aggrey Juma had malaria when we arrived, so we fixed him up with malaria medicine and a lap top computer. He revived almost instantly! Aggrey is blessing the Bible School ministries in Africa.

Maasai Land ~ Southern Kenya

Carol was given the Maasai name: **"Mrsjesu"** which means **Praise the Lord** in Maasai! The name is fitting for Carol who brought praise, honor, and glory to the Lord on this mission in every way. My prayer request is that **"Mrsjesu"** may be able to join me more often in bringing **Africa Hope**.

Teachers Conference

Uganda: **Africa Hope Bible Institute** ~ Lira, Uganda

Lira is a gateway to North Africa. Our school is strategically located for the purpose of training and sending missionaries, evangelists, and pastors to North Africa to reach Muslims for Christ. So Carol & I taught a **"Great Commission Graduate Course"** to our students plus a total of **57 students** for the week, and then commissioned them for the King's service. **Please pray for each of these dear students** to grow in the grace and knowledge of the Lord Jesus and to fulfill our Lord's Great Commission in Uganda and North Africa as they are sent out in Jesus Name!

We stayed with **Bob & Carol Higgins at Otino Waa** (My Children) ministries to over 250 orphans in Lira and experienced their wonderful hospitality. Our Africa Hope school board met, sought the Lord, and had a press conference where we got to proclaim the Gospel on radio, newspaper, and Uganda television because of the May 21st false prophecy! When our **Principle Samuel Angweri** invited us to his home for dinner, their goat gave birth to beautiful female kid ... which they named **"Carol"** in honor of our visit. **So now Carol has a "Kid" in Uganda!**

We delivered a **“Talking Bush Bible” (Acholi Proclaimer)** to **Chief Patrick Odongo in Barlonyo**. We showed them how to use the solar-powered Proclaimer to proclaim the scriptures each and every day in the village. We then commissioned the Chief as the Lord’s Ambassador to the people of Barlonyo. After praying together around the memorial graves of those slain by the LRA Rebels of the past, we left the village gathered around the Acholi Proclaimer listening to the Words of Jesus from the Gospels. The Chief and village were overjoyed that now the Lord had given them their **“Daily” bread** to feast on each and every day. **When we left them, they were grinning from ear to ear!**

“Rift Valley 20/20 Vision.

What’s Next? “Rift Valley 20/20 Missions Vision”

The **Rift Valley “2020 Mission Vision”** became more visible on this mission. We traveled deep into the Rift Valley preparing for the launch of Africa Hope Bible Institute. **Bishop Richard Keturai** has brought the Maasai Pastors of the Rift Valley together for our Bible equipping conferences for several years. Now we are working together throughout the Rift Valley planting churches and starting schools, with a goal **to reach every village in Maasai Land with the Good News of Jesus Christ by the year 2020.** **That is it: “Reach & ‘Repair the Rift’ Valley by flooding it with Good News” ~ Isaiah 35**

Our missionary team is now preparing to journey to the highest place in **Africa** in order to reach the lowest place on earth. **Mt. Kilimanjaro** is called the **“Rooftop of Africa”** because it stands taller than any other mountain on the continent of Africa at almost 20,000 feet. The **“Rift Valley”** is the lowest and the longest valley in the world stretching from South Africa all the way up the African continent, through Israel and the Dead Sea of Jerusalem. The proceeds from this mission~mountain climb will help to launch the **Africa Hope Bible Institute** on the North slope of ~ **Mt. Kilimanjaro this October, 2011.**
