Field Prep Seminar

We attended Field Preparation Seminar from March 25 through April 4. The time was packed with well-presented information about our readiness to leave for the field as well as our time on the field. Language acquisition, relationships and cultural adjustment in our new home, security and safety, teamwork, various Bible topics, and meetings with various home office staff were many of the things that filled our schedule.

Seth stayed with a family during the days and he enjoyed having different kids and toys to play with. We do think he missed us though. The family said that he would sometimes stand at the door and seem to get a little sad. Elizabeth did well in the nursery. She had 2 other baby girls to play with. The nursery workers took her for lots of walks around the ABWE home office. We are so thankful that God answered our prayers and provided great childcare for the kids.

The list of things to accomplish before leaving for language school is quite long; lots of paperwork, sorting through, packing and preparing to ship our belongings, catching up on healthcare, finishing up reading and research assignments and raising another 9% in monthly support.

Please continue to pray for additional prayer and financial support partners and for wisdom as we make preparations to leave. We praise God for the continual unity and progress among our aviation team. As we prepare to communicate with you during language school, it would be a significant help to us to be able to send as many of our newsletters by email as possible. If you are able to receive our newsletter by email, would you let us know? We greatly appreciate it.
